LAZARIS

I am an organised and dependable candidate successful at managing multiple priorities with a positive attitude. Moreover I have willingness to take on added responsibilities to meet team goals. I search for a job within a company environment to expand skills and gain valuable real-world experience. My interest is to expand in knowledge and use of softwares in graphic design as well as computer hardware and software, I am a fast learner and am willing to seek and maintain a fulltime position that offers professional challenges utilising interpersonal skills, excellent time management and problem solving skills.

## WORK EXPERIENCE:

### Wellnest Pharmacy- Product organisation

2013-04 - 2013-05, Parekklissia

- Organising products within the company's software has enabled me to experience organisation in a professional manner, I have physically sorted medications within alphabetical and pricing orders based on the companys preference.
- I have used co-ordination and planning skills to achieve results according to schedule.
- Worked flexible hours
- Recieved and processed stock into inventory management database.
- Worked to maintain outstanding attendance record, consistently arriving to work ready to start immediately.

### Freelance Graphic Designer-

2017-01 - Ongoing, Remote

- Working with content creators of entertainment industries or other, such as Youtube, Twitch.tv, and Social media platforms which include Twitter, Facebook, Instagram. My role in that is to provide graphics such as Branding Logos, banners, 2d animated content for youtube intros, Looping animated content for Live streams, Menus for restaurants, brochures, Detailed digital painting for character creation (OCs) whether its an individual or an organisation.
- Ability to communicate and satisfy the commissioners by means of communication and references, deliver exceptional level of service by listening to commisisoners concerns and answering questions.
- Completed the accepted project[s] within a short timeframe and with order by priortising first pay, first to recieve, with quality work.
- Managed a list of orders for customers, in a live chat, or through email by providing a small questionnaire and work in progress where I can pay attention to feedback, as well as organising payments.
- Created an atmosphere which encourages more followership, and viewership for customers with graphics based on communicating like emojis, alerts, pending screens or branding.
- Use of softwares such as Adobe Photoshop, Live2d, Adobe After effects, to animate, paint and create graphics.
